Subject: Letter of recommendation

To whom it may concern:

Silviu Runceanu has been working for us as an independent web designer during the last months.

He is a very good designer, and a pleasant contractor to work with ; his designs are very good, and besides that he is fast and listens to critics and suggestions.

It's always a pleasure to work with him.

He has the capacity to understand what we expect from him, which compensates the fact that we never meet him, as he is in Romania and we are in Paris.

I do recommend him to my friends and colleagues, he is one of the most efficient web designer I have worked with.

Best regards,

Etienne Vachez
