Re: Reference for Silviu Runceanu – Senior Graphic and Web Designer

Silviu has working with XTmotion since March 2007 as a Senior Graphic and Web Designer. He has always been proactive on all the projects he has worked on. He has excellent knowledge and experience regarding design and website usability.

Silviu is a good team member and is always willing to share his option and listen to the view of others.

I would not hesitate in recommending Silviu on both a professional and creative level.

Yours sincerely,

Derryn Coetzee
Commercial Director
